

Declaration of Use of AI (Artificial Intelligence)

If AI is used: Describe the type of Artificial Intelligence used (AI or AI-assisted technology) and detail the type of formulation used to obtain the result.

1- Was AI used during the conceptualization of the study?

2- Is AI used in the methodological process?

3- Is AI used during data collection and/or interpretation?

4- Is AI used at any stage of manuscript preparation (redaction, revision, translation, etc.)?
